'GET TOGETHER'  
DINNER AT CLUB  
NEXT WEDNESDAY

Social Affair Arranged for Purpose of Bringing Members in Closer Touch With the Organization.

One week from tonight the Commercial club will hold its next "get-together" dinner which will be the first of a number of occasions held for the purpose of bringing the members of the club into closer touch with the organization and to increase the membership and the interest of the members in the work the club is doing.

The dinner will be held at the club rooms, and it is expected that at least 100 will attend. There will be nothing formal in the occasion, as one of the objects is to secure an informal dinner in the evening. The menu of the club, the city and the best methods to pursue in supplying these needs. Some of the town speakers have been invited to attend, most of them being high officials of the Santa Fe.

At 10 o'clock this morning there will be held the first meeting of the committee of ten appointed to look after the interests of the club for this week only. Upon this committee will rest the responsibility of making a success of the dinner. The committee is composed of J. M. Doolittle, J. A. Hubbs, Grover Devine, A. L. Martin, E. J. Strong, S. C. Rosenwald, A. B. Stroup, John Simms, Jake Meyer and George Valiant.

## Membership Campaign.

One of the most important matters to come up at the dinner is the plan for the holding of a membership campaign in the near future. A list has been made of nearly 200 men in the city who are not members of the club who should be actively engaged in assisting the public organization in its work. It is proposed to hold a big one day campaign to secure these men and to work with twenty committees in getting the new members. To add a sporting interest to the contest, it is proposed to divide the twenty committees into "sides" of ten. The committee each to allot the prospective members drawn and to place upon the ten committees securing the fewest members the responsibility of tendering a dinner to the winners.

Tickets for the "get-together" dinner next Wednesday have been printed and will be distributed by committee this week. Every member of the club is urged to attend and assist in getting the winter activities of the club started with enthusiasm.

MRS. M. F. ALLEN DIES  
AT LOCAL SANATORIUM  
AFTER BRIEF ILLNESS

Mrs. Matt F. Allen, of Nashville, Tenn., died yesterday afternoon at 3 o'clock at a local sanatorium after an illness of only a few days. Pneumonia was the cause of death.

Mrs. Allen had been in Albuquerque since last March, having come to this city to be with her daughter, Mrs. W. F. Hoffman, who is a nurse in the city. Mrs. Hoffman, who is a sister of Mrs. Allen, had been in the city for some time. She had made many friends during her stay in Albuquerque who will be shocked to learn of her death.

Mrs. Allen was 64 years old. She was a member of a prominent southern family, her husband, M. F. Allen, being president of the Allen Manufacturing company, of Nashville, and a leading figure in business circles in Tennessee. Her husband was at her bedside at the time of her death, as were also two daughters, Mrs. S. G. Etnier of New Orleans and Mrs. J. H. Johnson of New York. Two other daughters, Mrs. W. F. Hoffman and Mrs. G. P. Fugate, and a son, Will F. Allen, all of Nashville, survive her.

The deceased was a devout member of the Christian church, and her funeral services will be held at 12:30 p.m. at the First Methodist church. The body will be taken to Nashville for interment, leaving on Santa Fe No. 2 this afternoon accompanied by Mr. Allen and Mrs. Johnson.

PLANS TO RAISE  
FUNDS FOR CHARITY  
ARE PROGRESSING

Civic Betterment League Expects Hearty Response by Albuquerque to Appeal for Money to Assist Needy.

Plans for the subscription campaign on charities last Tuesday are rapidly crystallizing, and the leaders in the campaign are encouraged as much by the business-like way in which committees are buckling down to their jobs as by the general spirit of individualism and readiness to be spreading over the community.

One of the big tasks in setting up a public subscription campaign is that of securing and organizing the large number of the right sort of workers necessary to make a quick and successful success. The Civic betterment league is making itself of the machinery used in previous campaigns, and is likely to draft into service next Tuesday many of the tried and successful workers in those campaigns. At an important committee meeting yesterday afternoon, the hundreds of men were selected who will do the canvassing on charity day. Not all have been seen, but every one of these men will at once be asked to pledge himself to give the day and do his full part in putting this splendid undertaking through. An auxiliary committee of fifty ladies is also being selected to work among the large number of public-spirited and charitably-inclined women who should be especially reached in connection with this cause.

The headquarters have not yet been fixed, but a central location will be selected where assignments will be made and returns gathered. There will be no noon lunch, it being assumed that no man would want a dollar of the money gathered for this cause spent in feeding his own family with reference to enthusiasm, the slogan will be "Every man his own dynamite."

The workers will be glad to know that their assignments will be by districts. The canvassing cards are being so arranged, and this grouping of the cards by districts will save an immense amount of time and labor, and will make possible the completion of the canvass in one day.

Albuquerque is well tuned up for charity day, and the committees in charge count on a hearty response from every man and woman whose heart is in any cause that may be necessary to carry the plate through.

BUFFALO BILL HERE  
WITH SELLS-FLOTO  
CIRCUS MONDAY, NOV. 8

Buffalo Bill is coming to town soon, as the chief feature of the Sells-Floto Circus and Buffalo Bill's Original Wild West show which is to be here November 8. And with Buffalo Bill will come also many a good story of the older days in the west. And if anyone should know those days, Col. William Frederick Cody (Buffalo Bill) should know them. He lived them, long enough. So, plainman, only express your opinion after general—be served in every possible office there was in the younger days, even to the position of justice of the peace and the third man, in more than one marriage.

"Marriages?" he asked recently, in a story-telling vein. "Of course, why not? I shot Indians and guided troops and blazed trails. Don't see why I shouldn't perform marriage ceremonies. But I'll forget the first one. I was justice of the peace then, with hardly anything to do but to look after the local bad boys and bootleggers on the reservation. One day a man and a woman came in and said they wanted to get married. It flabbergasted me, but I had to go through with it. Looked all around the place and couldn't find any law. Found an old third reader or thought, and so I picked it up and opened it to where it said something about the birds twittering in the springtime or something like that. Didn't make much difference though. I wasn't going to read it any way."

"Jim," I said, "do you take this woman for your wedded wife?"

"Better neck," he said.

"Maggie," I asked, "do you want Jim to carry in the cornwood, and handle vittles for you as long as you live?"

"Yesir, Judge Cody," said Maggie.

Then kiss her, Jim, she's your wife. Whom God and Buffalo Bill have joined together let no man put asunder. Two dollars and invite the judge to the wedding supper."

And I guess it worked a lot better than a lot of these new fangled weddings," the colonel laughed. "They were still happy the last time I saw since the wedding."

NEW CONCENTRATION  
PROCESS PERFECTED  
BY COLORADO MAN

Harry S. Bryan, general manager of the Colorado Manufacturing and Sales company, is in the city and is talking to mining men about his new process for concentrating ores, which he claims is of especial benefit in the dry sections where it is difficult for the miner to get water for concentrating purposes.

Mr. Bryan declares that there is an immense amount of waste in the mining business in New Mexico at present, and that thousands of tons of really valuable dirt are being shoveled on the dump as worthless when good value could be obtained from it by his process. He is installing a mill at present for the El Moro Mining company, in Taos county, and expects to install other mills in this section before returning to his home in Denver.
